HTML, CSS, Bootstrap
Building a front end website to advertise services for a construction company.

Github: https://github.com/Tiffany-Warner/Home-Remodel-Website
Demo Site: https://home-remodel.herokuapp.com/

Education

2018 — **Oregon State University**
B.S. Computer Science, GPA: 4.0/4.0
Projected Graduation: Dec 2018

2012 — **Grand Canyon University**
B.S. Biology Emphasis: Pre-Med, GPA: 3.7/4.0 Summa cum laude
Graduated Dec 2012

Work Experience

05/2014 - 08/2016 — **Process Trainer/Medical Device Assembler**
W.L. Gore and Associates
Viabahn Manufacturing
Worked on a manufacturing team in a clean room following SOPs to build Viabahn Endoprosthesis
Process Trainer February 2015- August 2016
Trained new, transferred and current associates to various Viabahn processes
TWI Certified
Joined the Medical Emergency Response Team in 2016
Adult CPR/First Aid/AED certified

05/2013 - 05/2014 — **Co-founder and Distributor**
Elk Canyon Distributors
Purchased a distribution route from Flowers, Inc. with 32 customer accounts servicing the Grand Canyon and Tusayan areas.
Accounts included a variety of businesses including lodges, stores, restaurants, and fast food restaurants. Created orders for each account based on previous usage.
Delivered and stocked products for accounts

07/2008 - 01/2013 — **Cashier/Animal Caretaker**
Grand Canyon Deer Farm
Worked at the Deer Farm while obtaining my first degree. (Part time during the semesters and full time during holidays and summers.)
